Hancock High School was ranked 48/487 high schools in MN (Up 51 spots from 2016), and Hancock Public School District was ranked 63/441 school districts in MN. These rankings were last updated on August 7, 2017.

How does SchoolDigger.com calculate school rankings?

We rank schools based on test scores supplied by each state's Department of Education. We calculate an Average Standard Score by normalizing and averaging each school's test scores across all tests and grades. That average score is then sorted. The school with the highest score is ranked #1, the second highest #2, and so on.
