WELCOME

We value your contributions of ideas, time, and effort. Our goal is to help each child realize his/her potential. With your support we can do it. Open communications is an important factor in reaching this goal. If you have a question, comment or concern about your school, please call your child's teacher or me without delay. We're always happy to hear from you.

We hope this handbook will answer many of your questions about daily life at Hancock Elementary School. Please save your copy to refer to all year.

Thank you for entrusting your child to us.

Hancock Elementary Staff

Tim Pahl, Principal

SCHOOL PRIDE

We are all very proud of our school! It is the responsibility of all of us to keep it looking good. Please stress with your child the importance of their cooperation in helping us maintain a building we are all pleased with!

ADMITTANCE TO SCHOOL

In order to enter Preschool, a student must reach the age of four years on or before September 1st of the current year and have completed preschool screening through Public Health. Priority will be given to resident students and those with special needs.

In order to enter kindergarten, a student must reach the age of five years on or before September 1st of the current year and show evidence of a recent physical examination.

Any parent entering a child in the Hancock Public School for the first time must present a legal birth certificate for verification of birth.

All students entering school must also be fully immunized.

ARRIVAL TIME

If your child does not ride the bus, please time their arrival for 8:15 a.m. Classes begin at 8:25 a.m., and ten minutes is enough time for hanging up clothes and settling in. Although teachers arrive earlier, they need the time to prepare for the day's work.

ATTENDANCE

The school attendance laws of the State of Minnesota require that children must attend school regularly. Regular attendance is essential to a student's success in school. Persistent absenteeism and tardies hinder the learning process and are regarded as very serious problems. The school reserves the right to require medical verification in cases where student absences are excessive.

Notification of absences: Parents/guardians are required to call or email the office staff each day a child is absent or tardy. The office will then inform the child's classroom teacher of the absence. Whenever an absence is pre-arranged (doctor, dentist, etc.) the student should bring a written permission slip from home in advance of the absence. Your cooperation helps us to ensure the safety and whereabouts of each of the children.

Tardies: Students arriving after the 8:25 AM will be considered TARDY. Students must report to the school office to obtain a Student Pass to class. Tardies in which students have an excused pass from a teacher or administrator will not count against the student's attendance. Three (3) unexcused tardies will result in one unexcused absence and the student will be required to serve a noon detention.

Excused absence: These need to be verified upon the student's return to school. Parents are requested to send a written excuse stating the reason for the absence; it must be dated and signed by the parent. Excused absences from school include, but are not limited to, student illness, medical or dental appointment, family emergency, religious observance or family vacation, and other absences which are pre-approved. While the school recognizes the value of family time and trips, we encourage parents to schedule trips that will coincide with scheduled school vacations. The school reserves the right to require medical verification in cases where student absences are excessive. **NEW: Students attending medical, dental, mental health, chiropractic, orthodontic, physical therapy, etc appointments MUST present to the office a notice verifying the date and time of the appointment including appropriate signature from the provider. Without this written verification the absence will be considered unexcused.**

Students may not attend extra-curricular events at HHS if the student does not attend school on the day of the event.

A maximum of 10 absences will be permitted in a class each semester. Parents/guardians shall be notified in writing when a student has been absent (Excused or unexcused) from class, 6 & 10 days in a semester. When a student has been absent from class 11 days in a semester, a letter will be mailed requiring a meeting between the parent(s), student, Principal/Assistant Principal, and classroom teacher to discuss the student's attendance, and how the missed days can be made up.

BICYCLES

Students may ride their bicycles to school. Once they have arrived at school, the bicycles are to be parked in the bike racks and they are not to be ridden until they go home. It is recommended they be locked.

Students who have the opportunity to ride district school buses may do so as long as they display behavior that is reasonable and safe. Riding the school bus is a privilege, not a right. Choosing to follow unacceptable behavior will result in loss of bus service. The bus driver is responsible for the safety and discipline of students on the bus. Students are to obey the bus driver. The bus driver has the right to assign seats at his discretion. The building principal is available to give assistance to the driver and will determine consequences of misbehavior and the reinstatement of bus service for the offending students should a suspension become necessary. A suspension applies to all buses unless otherwise designated by school officials. The responsibility for student supervision by the district shall begin when the student boards the bus in the morning and is retained until the child leaves the bus at the end of the day, or until released to the parent/guardian in a manner consistent with guidelines on release of students.

COMMUNICATIONS

Conferences, open houses, report cards, e-mails and newsletters are some of the formal ways you learn about your child's experiences.

But, equally important are the informal ways. Set aside time each day to hear about what your child has learned in school. Talk about the day's happenings, friendships and feelings.

And please whenever you feel the need, phone your child's teacher. If you have questions, ask them. The Hancock School web site address is

<http://hancock.k12.mn.us>

The information here is updated weekly. If you have a concern, pursue it. If you are happy with the progress your child makes, express your thanks. We like to hear from you.

Every child has an opportunity to use the computer and learn how to run software. We have a Computer Curriculum that gives guidelines on what each grade expects to learn. Students have access to elementary and high school computers.

COMPUTER/INTERNET USE POLICY**I. General Statement of Policy**

Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the Internet enables students to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. It is the intention of the board of education, administration, and faculty to provide guidance and instruction in the use of the computer/Internet to the students of Hancock School.

II. Responsible Use Of The Computer/Internet

Users are prohibited from using school Computer/Internet resources or accounts for the following purposes:

1. To access, upload, download or distribute games, pornographic, obscene or sexually explicit material, or any other non-educational material.
2. To transmit or receive obscene, abusive or sexually explicit language.
3. To violate any local, state or federal state.
4. To vandalize, damage or disable the property of another person or organization.
5. To access another person's materials, information or files without the direct permission of that person.
6. To violate copyright laws, or otherwise use another person's property without the person's prior approval or proper citation including downloading or exchanging of pirate software or copying software to or from any school computer.

Parent-teacher conferences will be held in November for all students. Conferences are planned for 4:00 to 8:00 p.m. each night. Teachers look forward to conferences for a number of reasons:

- * We want to share observations and information about your child.
- * We need to hear about any concerns you have.

Children must be under the supervision of a teacher or other school personnel after 3:15 p.m. The outside doors are locked at 4:00 p.m.

In order to enhance the education of each student, a major emphasis will be placed on student discipline. Organizing and structuring the learning atmosphere greatly reduces the needs for disciplining procedures, but a specific policy is needed to assure that individual student disruptions do not hinder the learning environment for other individual students.

All staff will utilize specific rules and discipline procedures when the students are involved in playground, cafeteria, and hallway activities.

Each teacher is required to create an atmosphere that encourages appropriate behavior, including:

- * Well-planned lessons that take into account individual differences.
- * A well organized room.
- * A daily procedure that lets students know what is expected from them and a procedure that lets them know that you'll deal with students who don't meet your specifications.
- * Daily reinforcement of positive behavior.
- * A viable concern for students.

Student rules to be followed:

- * Respect the teacher's right to teach by listening and paying attention.
- * Respect all student's right to learn by not disrupting.
- * Observe your space by not disturbing others.
- * No put-downs.
- * Use good manners.
- * Treat other people and property with respect.

If a student chooses to break a rule:

The classroom teacher will discuss with the students the consequences if a student chooses to break a rule. Consequences will be consistently enforced. The principal may be consulted depending on the severity of behavior.

We believe in providing a safe and conducive learning environment for all our students. As part of our commitment to their academic progress and personal development, students may be excused from recess under certain circumstances. This time will be utilized for catch-up on missed work or addressing disciplinary issues.

Catch-Up: As needed, students will be excused from recess for the purpose of catching up on missed assignments, projects, or coursework. This time will be supervised by a teacher or designated staff member, and the student will have the opportunity to focus on academic tasks during this period.

Disciplinary Intervention: As needed, students will be excused from recess as part of a disciplinary intervention. This measure may be implemented as a consequence of behavior that requires special attention. During this time, the student will engage in activities or discussions aimed at addressing the disciplinary issue in a positive manner.

Extra-activities behavior discipline plan:

For the safety of our students during extra-curricular activities, the following will be followed:

- * All children are to remain seated on the bleachers during the event. There should be no running or horseplay in the hallways, bathrooms or the new gym.
- * Bathroom breaks and concession stand purchases are to be made during half-time of the basketball game.
- * Children are NOT ALLOWED on the floor at any time during the event.
- * Students are not allowed on the stage during the event.
- * Students are not allowed in the locker room.
- * Students are not allowed to use the back exits.

If a child is determined by the school supervisor to be abusing this policy, they will be (1) asked to sit by their parents for the rest of the game; (2) sit on the edge of the bleachers designated by the school supervisor; or (3) sent home.

We feel this policy is a necessity to ensure the safety of our children, our athletes, and to protect a positive image of the Hancock School and of the community to the visiting team and their supporters.

Elementary children are expected to wear clothing that is neat and clean. Dress should not be distracting to others, nor present health or safety problems. Since children have outside recess, winter dress (boots, hats, gloves, mittens, etc.) is especially important. Parents are encouraged to mark clothing (especially snow pants) with students' names. If you do not wish to write the entire name on the clothing, the child's initials and grade level would be fine.

- Faculty members and administration will have final say as to whether a garment meets the dress code.
- No clothing is allowed that is vulgar, profane, or otherwise inappropriate. No clothing is allowed that belittles another or shows intolerance of different races, cultures, or religions.
- Jeans with areas of wear are allowed if they are neat (without strings) and so that no skin or undergarments show. If a faculty member deems jeans inappropriate, the student will be sent to the office and required to change.
- Wide sleeve tank tops may be worn during school hours if it meets the other standards of dress code. No tube tops are allowed. Spaghetti straps must be covered and the stomach area and cleavage should not show. If a faculty member deems a shirt to be inappropriate, the student must change or wear another acceptable shirt over the other shirt.
- No undergarments should be visible at any time.
- No short shorts, short skirts, short dresses, or short skorts (General rule of thumb: They must EXCEED extended arm/finger tip length or Mid-thigh whichever is longer).
- Hats and hoods should not be worn during school hours.
- Shoes must be worn at all times (Please do not wear shoes that will mark the floors).
- Violations of this dress code could result in disciplinary action.

EMERGENCY SCHOOL CLOSING

When the weather is unusual or threatening, an instant alert will be emailed out to inform parents of early releases or late starts. Parents can sign up for instant alerts by going to the school website: www.hancock.k12.mn.us Parents can also listen to KMRS/KKOK radio station in Morris (1230 AM or 95.7 FM) for announcements of school closing or late starts.

EQUAL OPPORTUNITY

The Hancock School District does not discriminate on the basis of race, color, creed, religion, national origin, sex, age, marital status, or status with regard to public assistance or disability in any of its educational programs, activities or employment practices.

School District # 768, has established the following goals as the most important for students in this district:

1. Develop skills in reading, writing, speaking, and listening.
2. To gain a general education.
3. Develop good character and self-respect.
4. Develop pride in work and a feeling of self-worth.
5. Learn to respect and get along with people with whom we work and live.

HEALTH SERVICES

Hancock Public School employs a Registered Nurse/Public Health Nurse to provide the following services:

1. Vision & Hearing Screenings: Students in 1st, 3rd, 5th, 7th, & 10th grades are screened annually for vision in the fall according to the recommendations of the MDH. Students in K, 1st, 2nd, 3rd, 5th, 8th, & 11th grades are screened for hearing in the fall according to MDH. Students who do not initially pass are rescreened. Parents are notified if the student does not pass on rescreen. Periodic vision and hearing assessments are completed throughout the year as needed.

2. Immunizations: Minnesota law requires that all children who are enrolled in a MN school must be immunized against diphtheria, tetanus, pertussis, polio, measles, mumps, rubella, hepatitis B, and varicella - allowing for certain specified exceptions. Forms are available from the school nurse to be signed by the parent and Notary Public for those students who are exempt from immunizations. The students not in compliance shall be excluded from school until immunizations are up-to-date.

3. Scoliosis Screening: In accordance with the MDH guidelines, scoliosis screening is completed for 5th grade girls in the fall and 6th grade girls in the spring.

4. Health Education: The school nurse offers health education to the students and staff as requested and as the need arises. A growth & development talk is offered to the 5th grade students in the spring.

Student Health Records

Each student has a permanent health record as required by law in MN. All records are on file in the school office. Health information pertinent to each student is included such as immunization records, results of screenings, health assessments, health information which may affect ability for learning and/or may result in emergency at school and the plan for which to meet the student's health needs.

The district has a Student Medication Policy for the administration of medications. This policy and guidelines are sent to all parents in the “Back to School” packet in August. The “Medication Administration Form” must be completed by a parent/guardian and signed by a physician before any medication (prescription or over the counter) may be administered or taken at school.

Illness

General practice for when to keep your child at home due to illness includes:

- If a student has had a fever of 100 or more, the student should stay home for 24 hours after the temperature returns to normal.
- If a student has vomited or had diarrhea, the student should stay home until 24 hours after the last episode.
- If a student has any rash that may be disease-related or the cause is unknown, check with your family physician before sending the student to school.

Students will not be kept in school if they display any of the following symptoms:

- Temperature over 100 degrees
- Pink eye or discharge from the eye
- Sore throat with fever
- Vomiting
- Suspicious skin lesions
- Any other signs of acute illness

A parent/guardian will be contacted so the student can be picked up. If the parent/guardian cannot be reached, information completed on the emergency contact form will be utilized.

If a child contracts a **contagious condition/illness**, parents are asked to notify the school nurse or the child’s teacher. Parents of students in the same classroom can then be cautioned so that early detection of the disease can be noted to prevent its spread throughout the classroom.

Students diagnosed with **chronic health conditions** (i.e., diabetes, asthma, seizures, heart conditions, allergies) should provide the school with a physician’s summary of the condition and any special instructions and limitations related to school activities.

Lice Policy

If untreated nits or live lice are detected on a student, the parent will be notified. The student will be sent home for treatment.

HOME WORK

14

Effective homework assignments do not just supplement the classroom lesson; they also teach students to be independent learners. Homework gives students experience in following directions, making judgments and comparisons, raising additional questions for study, and developing responsibility and self-discipline. Therefore we recommend the following:

- * Kindergarten - Ten minutes of reading to your child each night.
- * Grades 1-3 - Homework that can be done with a parent, such as flash cards for math facts, reading vocabulary words, and spelling words.
- * Grades 4-6 - Approximately 60 minutes of study time each evening.

In the event a student is absent, they are allowed 2 days to complete their missed work.

ILLNESS AND/OR INJURY

In the event of an illness or injury, a child is sent to the nurse, aide, teacher or principal. The parent is called at home, their place of employment, or the emergency number. A child is never allowed to leave school until some contact has been made.

INSURANCE

Parents are responsible for injuries incurred by students. The school does NOT provide insurance for student injuries.

KINDERGARTEN ROUND-UP

Parents and children are invited to school early in May for Kindergarten registration. Round-up offers parents a chance to meet the teacher, look around the school, ask questions and get all the forms needed for the start of school. We must see each child's birth certificate to register him/her for school. It saves time if parents bring the certificate to round-up.

Families who cannot attend round-up or who move into the area during the summer can register in the office any weekday. It's important to register a new child before the first day of school. All children entering school must be fully immunized.

LOST AND FOUND

All lost articles should be turned into the school office. The lost and found area is located in the main entryway of the building. Any items found during the school year will be placed on the hanging rack located in the main entrance. Parents are encouraged to check this rack each time they enter the building. All lost and found items that remain at the end of each quarter will be boxed up and donated to a local charity.

School personnel **WILL NOT** distribute any medication, including aspirin, without authorization from the parent. A separate permission form will be filled out and signed for each type of medication to authorize the school to distribute it. The medication must be in the original prescription bottle.

MUSIC

A music specialist provides music for grades 1-6 three times a week, and twice weekly for kindergarten, for 25 minutes each. Children learn about rhythms, notations, musical games, singing, and use of instruments. A musical program is held in December.

PARTY INVITATIONS

16

Unless all the boys and girls in your child's room are invited to a party in your home, please do not send invitations to school for distribution.

PERMISSION SLIPS

You must write a dated, signed note and send it to school for the following circumstances:

- Your child is going to someone else's home after school.
- Your child is riding a different bus.
- You want your child to stay in during recess, or to miss physical education class. If the cause lasts longer than three days, we need a note from the doctor.
- Your child will leave school early, or will leave and return during the day.

Once children get to school, they cannot leave the school grounds without permission from a parent or school staff member. They must also sign in and out in the school office.

PETS

Usually, pets are not allowed in school. Check with your child's teacher before bringing an animal to school for any reason. No pet or live animal, bird or insect may be taken on the bus.

PICTURES

Parents will be notified during the school year as to the date and time pictures will be taken. Students are not required to purchase these pictures but all must have their pictures taken as part of the class.

PHONE

The office telephone is for school business and emergency use only. We ask your cooperation in our efforts to restrict student use. Students are discouraged from bringing cell phones to school. Elementary students who bring cell phones or other electronic devices to school must keep them turned off and in their lockers from 8:25am until the end of the school day. Parents should contact your child's teacher if you wish for your child to bring a cell phone to school.

PLEDGE OF ALLEGIANCE:

Each day will start with the Pledge of Allegiance. If you do not wish for your child to participate in the Pledge, please notify the school office with a written and signed note.

A non-participation form is included in the parent packet that is mailed out in August.

PHYSICAL EDUCATION

In physical education children learn the fundamental skills and how to play specific sports. An important aspect of physical education is the development of good sportsmanship. Physical education specialists conduct daily 25 minute sessions for each class.

* All students must wear tennis shoes in the gym.

* Unless you send a note, your child will be expected to join in P.E. activities. If the cause lasts longer than three days, we need a note from your doctor.

PRE-SCHOOL SCREENING

Children must be screened prior to entrance into Preschool or Kindergarten. The purpose of the screening is to alert parents to any health or developmental concerns a year before the child enters kindergarten. Given early attention, many health and development problems can be resolved before a child starts school. The Hancock School District contracts with Stevens County Public Health to provide screening services for all children in the district. This screening takes place at Hancock Public School. Stevens County Public Health will contact families in the Hancock School District with the date of this screening for preschool aged children. Please cooperate with them to see that your child receives the appropriate evaluation and screening services.

PSYCHOLOGIST

The school psychologist assists the teachers in meeting the individual needs of students. The psychologist is in charge of ability testing to help determine whether a child is eligible for special education services. No testing can be done without parents written permission in advance. Call the administration or a special education teacher to inquire about psychologist services.

PHYSICALS

Kindergarten physicals are accepted for participation in athletics until grade four. At this time another physical will be required prior to participation and then every three years after that. It is necessary to have the physical prior to participating in athletics.

REGISTRATION

Parents can register their children in the school office any time during the year. We encourage parents to register in person and bring their children so that we can give everyone a warm welcome and a tour of the school. Please urge new families to register their children before the first day of school. Open enrollment closes (at the latest) the last Thursday in July at 1:00 pm.

REPORT CARDS

Four times a year you will receive an email report card on your child's learning progress. We will also be sending letters at mid-quarter of each period to parents of students who are failing or whose marks are falling.

6th Grade - A student who does not get their work done by class time of the day it is due may receive a grade of 50%. Late assignments must be finished satisfactorily before the student goes home.

SAFETY

TORNADO DRILL: The school also participates in the statewide tornado evacuation drill in the spring.

BUS EVACUATION DRILL: Early in the fall every other year, a bus evacuation drill is held.

LOCK DOWN DRILL: Five drills are conducted each year - these drills are precautions in case we are faced with an emergency situation that would require a lockdown of the building.

EVACUATION DRILL: One evacuation drill is conducted every other year to prepare us for situations that may require evacuation of the buildings.

A unit on bus safety is taught during the year to all grades.

SCHOOL BOARD MEMBERS

The Hancock School Board sets the education policies and budget for the school. The board meets the third Monday of each month at 6:00 p.m. March - December and the fourth Monday of each month in January and February in the board room in the high school office. The public is invited to all meetings and agendas are posted the week of the meetings.

The school board members like to hear from parents. They are:

Justin Cronen	Chairman	justin.cronen@hancockisd768.org
John Boon	Director	john.boon@hancockisd768.org
Troy Hausmann	Treasurer	troy.hausmann@hancockisd768.org
Kevin Koehl	Clerk	kevin.koehl@hancockisd768.org
Brett Duncan	Director	brett.duncan@hancockisd768.org
Kevin Joos	Director	kevin.joos@hancockisd768.org

SCHOOL RECORDS

19

The school has on file students' grades, attendance record, and standardized test scores that have resulted from their work since they began school.

Parents or guardians may see these records by making an appointment to do so with the principal. You may also request that items be removed. In the event of such a request, the person in charge may or may not grant the request. It may be appealed to the next highest school official and ultimately to the school board.

The Hancock school district has adopted a Student Data Privacy Policy incorporating state and federal requirements as to data privacy rights in student educational records. A summary of that policy and the elementary school discipline policy are on file in the office of the Hancock School and available to you if desired.

A student's records cannot be transferred to any other school without written consent of a parent and/or guardian. Written consent can be given using a form available in the office of the principal or by writing a letter to the office requesting the transfer of such records.

SNOW

Snow, glorious snow!!

Boots, please send boots!

With more than 100 students frolicking on the school grounds, we must enforce these rules:

- * Children must wear boots and snow pants, (K-3).
- * Weather permitting; all children will go outside on outdoor recess days.
- * No snowballs can be thrown on the playground.

SPECIAL EDUCATION

Special education is instruction designed to meet the needs of handicapped children. About 13% of Minnesota children have learning disabilities, speech problems, hearing or vision impairments, delays in development, emotional problems, and/or mental or physical handicaps.

Special education help is provided in a variety of ways. The special education teacher may assist a classroom teacher in finding ways to meet a child's needs. The child may meet with the special education teacher for small-group sessions several times during a week or the child may spend most of the day in a special class.

In every case, we plan the student's special program so he/she spends as much time possible in the regular classroom.

Either a parent or a school staff member can ask that a child be evaluated to see if he/she needs special education. No testing or services can be given without the parent's permission.

These special education services are provided at the Hancock School:

- * Learning disabilities program
- * Speech and language therapy
- * Emotional and behavior disorder program
- * Psychologist

Our Community Education program offers elementary basketball during the basketball season to help build basketball skills in children. This usually begins in December and is held on Saturday morning. The students are scheduled to play during the half time of some high school basketball games. Permission slips are sent home with each child. 6th grade students may be allowed to participate in Junior High sports - if so, a meeting will be scheduled to review regulations with parents.

SUPPLIES

The Hancock School provides the necessary textbooks and workbooks. Each teacher will provide a list of any supplies students need for the classroom. If supplying any of these items presents a financial hardship, please call the principal.

Students will pay for any unnecessary equipment or books damaged or lost due to their carelessness at the end of the year.

TARDY

A student is considered tardy if he/she is not in their seat at 8:25 a.m. and again at 12:00 p.m. A written note from a parent is needed to excuse a tardy.

TESTS

The following tests are administered to an entire grade. Some are used to measure achievement and aptitude, and some are used to identify students that MAY need further individual attention. If further individual testing is warranted, you will be contacted.

- * FAST - Grades K - 6
- * NWEA assessment tests - Grades K-6
- * Informal Reading Test and Reading Replacement Tests to all new students and others as needed.
- * MN MCA tests - Grades 3 - 6

Results of tests are available for parents at your request.

TITLE 1

Title 1 is a federally funded program for children who need extra help in reading and math.

Teachers identify children in the fall, winter, and spring. Parents are notified. The NWEA test given in the spring also determines eligibility. Then a Personalized Education Plan (PEP) is prepared for each student. Measurable goals and objectives are developed between teacher and parent. This is signed by the parents.

VISITS

21

Parents are welcome to visit their children's classroom. State law requires all visitors to check in at the principal's office first.

We suggest not visiting before October 1st or after May 1st. We find that when parents visit with small children the whole class is often disturbed and a great deal of time is wasted for the whole class.

We ask that you contact the teacher the day before you plan to visit so that if he/she has a test scheduled, another day might be more appropriate to visit. A couple of hours per class are recommended.

VOLUNTEERS

A large number of parents and other Hancock residents volunteer their time during the school year. We appreciate their support.

Each fall help is sought in a number of areas. New volunteers are welcome any time during the day. Please contact the principal's office or classroom teacher and we'll put you to work.

Areas to volunteer in are: library, classroom, computer room, vision and hearing screening, just to name a few.

WITHDRAWAL FROM SCHOOL

If you move out of the Hancock district, please let the principal know. We will send your child's permanent record directly to the new school. You may sign a release of records at our office or at the new school and the records will be forwarded.

HAVE A SUPER YEAR!

D. INVESTIGATION

By authority of the School District, the Human Rights Officer, upon receipt of a report or complaint alleging religious, racial, ethnic, or sexual harassment or violence, shall immediately undertake or authorize an investigation. The investigation may be conducted by School District officials or by a third party designated by the School District.

The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

In determining whether alleged conduct constitutes a violation of this policy, the School District should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

In addition, the School District may take immediate steps, at their discretion, to protect the complainant, pupils, teachers, administrators or other school personnel pending completion of an investigation of alleged religious, racial or sexual harassment or violence.

The investigation will be completed as soon as practicable. The School District Human Rights Officer shall make a written report to the Superintendent upon completion of the investigation. If the complaint involves the Superintendent, the report may be filed directly with the School Board. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

G. RIGHT OF ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse, which may include filing charges with the Minnesota Department of Human Rights, initiating civil action or seeking redress under state criminal statutes and/or federal law.

H. HARASSMENT OR VIOLENCE AS ABUSE

Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law: if so, the duties of mandatory reporting under Minn. State & 626:556 may be applicable.

Nothing in this policy will prohibit the School District from taking immediate action to protect victims of alleged harassment, violence or abuse.

I. DISSEMINATION OF POLICY AND TRAINING

MSBA/MASA Model Policy 514

Adopted: 8/15/2005

514. BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, it is the school district's intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school district property or at school-related functions. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or employees.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.

- F. A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school district's policies and procedures. The school district may take into account the following factors:
1. The developmental and maturity levels of the parties involved;
 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 3. Past incidences or past or continuing patterns of behavior;
 4. The relationship between the parties involved; and
 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including suspension and/or expulsion. Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge. Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

- G. The school district will act to investigate all complaints of bullying and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means any written or verbal expression, physical act or gesture, or pattern thereof, by a student that is intended to cause or is perceived as causing distress to one or more students and which substantially interferes with another student's or students' educational benefits, opportunities, or performance. Bullying includes, but is not limited to, conduct by a student against another student that a reasonable person under the circumstances knows or should know has the effect of:
1. harming a student;
 2. damaging a student's property;
 3. placing a student in reasonable fear of harm to his or her person or property; or
 4. creating a hostile educational environment for a student

- B. "Immediately" means as soon as possible but in no event longer than 24 hours.
- C. "On school district property or at school-related functions" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, - the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

IV. REPORTING PROCEDURE

Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to an appropriate school district official designated by this policy. A student may report bullying anonymously. However, the school district's ability to take action against an alleged perpetrator based solely on an anonymous report may be limited.

- A. The school district encourages the reporting party or complainant to use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered complaints as well.
- B. The building principal or the principal's designee or the building supervisor is the person responsible for receiving reports of bullying at the building level. Any person may report bullying directly to a school district human rights officer or the superintendent.
- C. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may constitute bullying shall inform the building principal immediately.
- D. Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.
- E. Submission of a good faith complaint or report of bullying will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.

- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Upon receipt of a complaint or report of bullying, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law.
- C. Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; school district policies; and regulations.
- D. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

VI. REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged bullying or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, harassment, or intentional disparate treatment.

VII. TRAINING AND EDUCATION

- A. The school district annually will provide information and any applicable training to school district staff regarding this policy.
- B. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying.

- C. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the victim, and to make resources or referrals to resources available to victims of bullying.

VIII. NOTICE

The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
